The Town of LaSalle is beginning the process of updating the 1999 LaSalle Comprehensive Plan.

A Comprehensive Plan is a tool used by the Town to guide decisions about future growth and development. This Plan will update LaSalle's vision for the future, establish the Town's guiding principles, and establish goals for the future.

If you live or work in the area surrounded by the dotted boundary line, we need your input on August 29th. Please come participate in the interactive community workshop to let us know what you want the future to look like for LaSalle.
